## DREW "TRUE MUZIK" BRENNAN

### Rap Artist/Minister

#### True Muzik "Rap With A Reason"

True Muzik, a native of Toledo, Ohio turned international Christian rap artist and 2013 Holy Hip Hop Award Honoree.

Drew "True Muzik" Brennan was born and raised in a Christian family where his parents were the primary influence on his life.

True's father was not only his mentor but, pastor who taught and admonished him in the word of God which helped him grow greatly in his relationship with the Lord.

Like his father, at a young age True displayed a real interest and love for music, hip hop in particular.

As True entered high school he met a couple students who were heavily involved in the Hip Hop culture who also shared the same passion, but in a different way.

Their involvement with the craft was driven by the desire for money, fame and respect. True however, had different motives.

Soon after the encounter, he sought the voice of the Lord and heard the calling God had placed on his life.

True then understood what he was designed to do, and from then on pursued his passion to make rap with a reason with no signs of stopping.

He aims to take a primarily evil form of entertainment used by the enemy and flip it in such a way that it will give God his all deserving glory, challenge and encourage all those who listen and most importantly reach the lost who do not know Jesus to be their Lord and Savior.

True Muzik has not only been featured on several projects throughout his career he also produced his own mixtapes and albums, including his international debut album “Triumphant”, to his third studio album “Salute”. Most recently, True Muzik released his latest single “Glow in the Dark” that will be featured on his upcoming fourth studio album.

True Muzik understands the call as stated in Matthew 28:19 to make disciples of all nations, and because of this he is set to preach the gospel to the ends of the earth. True Muzik has ministered in several states across the U.S. as well as presented the truth of Jesus abroad, to countries such as Canada and Jamaica.

Throughout his travels, he has had the honor of sharing the stage with several international and award winning artists. True Muzik eagerly awaits what the Lord has in store for the ministry next. Glory to God alone.

## CYNAE THEGODDESS

My name is Cynthia Hendricks but many call me Cynae. I'm from Dallas, TX born and raised. I truly love to be creative by cooking, singing, abstract painting, crocheting, even doing hair!

I graduated from Plano West Senior High. After graduating I auditioned for American Idol at the Old Cowboys Stadium in Irving Texas in 2007. This was one of the best experiences of my life. I met some very talented vocalists and learned a very valuable lesson. Being a mainstream artist isn't something I truly wanted to do. In meeting those great voices I realized, while practicing, when people took my advice they did better. That brought me more joy than singing ever did.

I began to study and do research then began working with different raw talents I would come across. Providing vocal training, stage presence guidance, assisting with song writing, performance delivery, and much more. Then in 2020 I opened my catering company, "Cynae's Breakfast Burrito Hut & More", while still with a hand in the music industry.

In 2021 I was asked to be a part of an amazing company The MTS Network as The Chief of Music. Where I am able to find hidden raw talents and bring them to the light. Giving local artists a platform to showcase their talents and gain exposure.

One of the way I do that is with my Podcast “Free Flow Friday” where I will conduct interviews with different types of artists and small black owned business owners. “Free Flow Friday” is real just that “free flow”! So not every episode is an interview sometimes there are round table discussions or round table singing sessions.

I like to keep things as free flowing as possible.

In 2023 I have been able to start really living out my dreams. Hosting and curating events, managing artists, artist development, and ect. I am grateful to now be apart of a larger family with Prolific Artistry, Mogul Empire and Executive Sound Radio as the Station Manager. I've been placed in a better position to be able to help talented underground artists.

I am also a spiritual healer deeply connected with the Universe, Nature, and my ancestors. I am strongly in tune with myself which gives me the ability to be an inspiration to others. Over the years I have found a deeper connection with the earth and the energies around me. Using my gifts I've been able to provide guidance through readings using tarot cards, sea shells, pendulums, also intuitively. All while helping others become spiritually awakened.
